Patents 1 - 10 on unidirectional mode bidirectional mode. (0.25 seconds)

Sort by relevance | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Computer-printer interface control for bidirectional/unidirectional data ...

US Pat. 5640495 - Filed Dec 20, 1994 - Lexmark International, Inc.

7, DOS session print jobs are unidirectional mode if communication is not ...  
to the parallel port When a DOS session attempts to bidirectional mode. access ...

Method for determining whether bi-directional or unidirectional data line ...

US Pat. 5821798 - Filed Sep 8, 1996 - Adaptec, Inc.

When the a first state, signifying unidirectional mode, unidirectional signal on  
... Conversely, when bidirectional mode, control circuit 602 alternatively ...

Circuit and method for controlling a synchronous rectifier converter

US Pat. 5920475 - Filed Aug 14, 1996 - Lucent Technologies Inc.

08/434, 712, the present invention provides a control circuit for operating a  
power rectifier in both a bidirectional and unidirectional mode ...

Circuit and method for controlling a synchronous rectifier converter

US Pat. 6038154 - Filed Jul 2, 1999 - Lucent Technologies Inc.

08/434, 712, the present invention provides a control circuit for operating a  
power rectifier in both a bidirectional and unidirectional mode of operation, ...

Endoscopic forceps with thumb-slide lock release mechanism

US Pat. 5735849 - Filed Nov 7, 1996 - Everest Medical Corporation

In 30 and a second position for selecting the bidirectional mode, ... are used  
for grasping or gripping the tissue me unidirectional mode had been selected. ...

Circuit and method for controlling a synchronous rectifier converter

US Pat. 6191984 - Filed Dec 27, 1999 - Lucent Technologies Inc.

The circuits are generally designed w both a bidirectional and unidirectional  
mode of operation as either to prevent reverse power flow at converter ...

Variable mode bi-directional and uni-directional computer communication system

US Pat. 6831924 - Filed Jul 20, 2000 - Silicon Graphics, Inc.

... wherein in the uni-directional mode, the data source is configured to provide a  
... wherein the unidirectional mode, the transmitters are configured to ...

Operation mode settable LAN interconnecting apparatus

US Pat. 5079764 - Filed May 30, 1989 - Hitachi, Ltd.

... either a unidirectional operation mode or a bidirectional operation mode; and,  
... bridge apparatus in either a bidirectional or a unidirectional mode, ...

Line switching control system in synchronous communication network system

US Pat. 5757769 - Filed Mar 17, 1995 - Fujitsu Limited

... line and a unidirectional mode in which only one of the bi-directional lines  
in which one the failure has occurred is switched to the second type line, ...

Solid phase extraction method and apparatus

US Pat. 5403489 - Filed Jun 24, 1993 - Minnesota Mining and Manufacturing Company

Samples were processed hi the bidirectional extraction mode of this invention  
and in the comparative unidirectional mode using the same apparatus and ...

Patents 11 - 20 on unidirectional mode bidirectional mode. (0.09 seconds)

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

### Bistable DMD addressing circuit and method

US Pat. 5142405 - Filed Jun 29, 1990 - Texas Instruments Incorporated

As has been discussed, the simplest addressing is 10 ated in the unidirectional mode or in the bidirectional achieved with unidirectional operation, ...

### Circuit and method for controlling a synchronous rectifier converter

US Pat. 5956245 - Filed Jul 2, 1997 - Lucent Technologies Inc.

The circuits as described, active bidirectional mode to the inactive unidirectional mode however, still operate as synchronous rectifiers at all times. when ...

### Reconfigurable computer interface and method

US Pat. 5386518 - Filed Feb 12, 1993 - Hughes Aircraft Company

In the bidirectional mode, only one downloadable RAM 120 is utilized for ... the I/O memory 130 are both downloadable RAM's are used (unidirectional mode), ...

### Serial copier, scanner, and printer employing continuous media transport

US Pat. 5946010 - Filed Nov 29, 1996 - Oki Data Corporation

The fifth embodiment operates in two modes: a unidirectional printing mode and a bidirectional printing mode. In the unidirectional printing mode, ...

### Pad architecture for backwards compatibility for bi-directional transceiver ...

US Pat. 6951426 - Filed Mar 2, 2004 - Finisar Corporation

... mode or a unidirectional mode. The alteration allows the module to connect to either a bi-directional or unidirectional port. The module can have a pair ...

### Operable synchronous semiconductor memory device switching between single ...

US Pat. 6337832 - Filed Mar 18, 1999 - Mitsubishi Denki Kabushiki Kaisha

[Unidirectional mode and bidirectional mode] 10 FIG. ... The bidirectional system of FIG. 8 differs from the unidirectional mode system of FIG. ...

### Simultaneous transmission bidirectional repeater and initialization ...

US Pat. 5801549 - Filed Dec 13, 1996 - International Business Machines Corporation

These modes are a unidirectional mode wherein signal transmission initially occurs in only one direction, and bidirectional mode where me repeater circuit ...

### Operable synchronous semiconductor memory device switching between single ...

US Pat. 6522599 - Filed Dec 26, 2001 - Mitsubishi Denki Kabushiki Kaisha

unidirectional mode system of FIG. 7 in that external clock 55 circuit 158 under control of the operation ... Unidirectional Mode and Bidirectional Mode ...

### Hybrid circuit using current mirror circuits

US Pat. 4203012 - Filed Jul 10, 1978

... circuit for suppressing the transmission of common mode signals incoming on the bidirectional signal path to the outgoing unidirectional signal path; ...

### Apparatus for connecting circuit modules

US Pat. 6725304 - Filed Dec 19, 2000 - International Business Machines Corporation

When transmitter/ 15 receiver 15 is in the unidirectional mode (ie, ... and output driver 25 characteristics for bidirectional mode or unidirectional mode. ...
